LR 293

you give a big hand to Mr. Ernesto Rivas Galante. And would you stand up, sir.

PRESIDENT: Welcome to the Legislature, sir. If members of the Legislature would come to order we will proceed with LR 293 introduced by Senator Wagner. Mr. Clerk.

ASSISTANT CLERK: Mr. President, LR 293 was introduced by Senator Wagner and other members. (Read LR 293.)

PRESIDENT: The Chair recognizes Senator Wagner.

SENATOR WAGNER: Mr. President and members, the resolution pretty well speaks for itself, but Dr. Gogan does come from my area. I know him personally and in addition to just knowing him as the Superintendent of Schools and a great educator, I also know him personally because in addition to just working there at the schools he is very active in other things. I knew him very well when we had the American Legion District Tournament there and he was my tournament director. He is a very capable individual as well as these other two people. But a little bit about how did we select three people from Nebraska. I think it is kind of unusual because this was taken from over 300,000 people through Nebraska...through the United States and Canada looking for the top 100 executive educators and Nebraska came out with these three and so this resolution recognizes these three people for their efforts in education. I urge the adoption of the resolution. I might add also that I had passed out a copy of these three people. It is laying on your desk if you would like to look at it and it better describes them yet.

PRESIDENT: Is there further discussion on Senator Wagner's resolution? If not, the motion is to adopt the resolution. All those in favor vote aye, opposed vote no. Please record your vote on LR 293 as introduced and explained by Senator Wagner. Have you all voted? The Clerk will record the vote.

ASSISTANT CLERK: 27 ayes, 0 nays on the adoption of the resolution, Mr. President.
